

# ESSENTIAL QUESTION

SOME METHODOLOGICAL HINTS

Co-funded by the  
Erasmus+ Programme  
of the European Union

## PHASE A

Once we have collected all the videos in the platform, students have to have a session to consider the primary questions of all the groups and to discuss those they haven't considered before.

1. First in little groups.
2. Then all together.

After the discussion, they have to try to pose an ESSENTIAL QUESTION.

And then, make a video telling this question and send it to the platform.

## PHASE B

There will be a VOTATION. Among all the essential questions, they have to vote the two most interesting in their opinion. So we will discover the most voted and this most voted essential question will be afterwards the guide for the challenge.
